- **Come Out and Support Wishes for Horses •**
Make Riding Affordable!

We are a non-profit 501 (3) c group set up to help underprivileged children have a horseback riding experience and to further the education of children in public schools.

Our group is run with all volunteers that have dedicated their time to help these children enjoy the animals we so love. We offer scholarships to children who could not otherwise afford riding lessons. The scholarships are based on financial need. The State of Connecticut has set up income guidelines that the public schools use to determine if a child is in need of aid such as free lunch. We use the same income guidelines to determine a child's financial need. There are two scholarships available a full scholarship or a partial scholarship; both are based on these guidelines.
